This is also an option.....

We are aware of the negotiations between some members of the convoy and the City of Ottawa. We continue to monitor these discussions in order to learn more about the details involved. We will have an update later this week.

Some changes/additions:

We are aware of the negotiations between some members of the convoy and the City of Ottawa.

We support actions that safely and lawfully alleviate the major disruptions that the unlawful demonstrations have caused in our downtown neighbourhoods, residents and businesses.

As we have throughout this unlawful demonstration, we will continue our 24-7 efforts to reduce the number of trucks, vehicles and related chattels while enforcing laws and keeping the city safe to the best of our ability.

We continue to monitor these discussions and will have a further update tomorrow morning.

Subject: holding lines for comment

Good afternoon,

I am working on some holding lines to allow us to prepare our full comment. I am not seeking approval as I will have to run these lines past Command and City.

We are aware of the negotiations between some members of the convoy and the City of Ottawa. We support discussions and actions that safely alleviate the major disruptions affecting our downtown neighbourhoods. As we have throughout this occupation, we will work to ensure a safe departure of any convoy vehicles. We continue to monitor these discussions and will have a further update tomorrow morning.
